

Recommended Kit List for Students

We recommend that children use a **small** wheel able suitcase for their clothes etc. and a small market bag to hold all their bedding, pillows PJ's teddy etc. This avoids multiple bags black sacks splitting etc.

In the Suitcase there should be:

- Socks and underwear – enough for the duration of the stay plus a few extra.
- T-shirts – both short and long sleeved.
- Shorts – no jeans or very short shorts as they may have to wear harnesses for adventurous activities.
- Trousers – tracksuit bottoms or combats, no jeans.
- At least 2 jumpers / hoodies
- Trainers
- Walking Boots or similar – if they don't have make sure they pack 2 pairs of trainers.
- Shoes for indoor use only – clean trainers or crocs or slippers that will not slide off.
- Water activity gear – t-shirt and shorts, old plimsolls, trainers or water shoes, and a towel in a carrier bag. Pack these in a separate bag in your suitcase and hang on the hooks in the coat room – then when used – replace in bag and hang back on hooks to prevent other clothes getting wet!
- Washbag containing toothbrush, toothpaste, hairbrush/comb, shower items, towel.

In the small Market bag there should be:

- Sleeping bag and pillow, PJ's

Separately (packed in market bag for travel) a **day sack** to take on all activities.

A drawstring bag or small rucksack will be sufficient enough and should contain the following items:

- Reusable water bottle
- Sunhat
- Sun cream
- Waterproof coat

A packed lunch on the first day is required and should be put into the day sack too – so we don't have to empty all the suitcases just for lunch. (Please contact the office if you are entitled to a free school meal)
