Friday 25th April

Dear Parents and Carers,

I am writing to inform you of a concerning matter that has arisen within our Year 5 cohort. It has come to our attention that some children have been using inappropriate language that is linked to unsuitable online content. This behaviour has understandably upset several individuals within the class.

We kindly ask that you speak with your child about their online activities and ensure that their access to content is age-appropriate. Your support in monitoring their online interactions will be invaluable in fostering a safe and respectful learning environment.

Having a discussion with your children about their online activities will, hopefully, give you a good insight into their screen time and provide you with reassurance that you can continue to openly discuss anything that concerns them.

Please see the attached flyer with further information on how you can support your child with protecting against age-inappropriate content.

Thank you for your understanding and cooperation.

Yours sincerely,

Mike Smith
Assistant Headteacher
